Sex: Steers and Heifers

Important Notice:

Mountain Cattle Alliance has set four main sale Dates for 2017. There is a possibility of additional sale dates, pending cattle numbers and producer interest.

Southeast Livestock Exchange will gladly coordinate these loads considering the cattle numbers are available and meet the MCA requirements.

A load of cattle consists of 49,000 lbs

Example: Steers Based at 500lbs

$49,000 \text{ lbs divided } 500\text{lbs} = 98 \text{ Head}$

Other Marketing Options

Southeast Livestock Exchange has the option of grouping Mountain Cattle Alliance Calves at the WNC Regional Livestock Center at the scheduled weekly sale.

This can be done when there are **not** enough calves to make a full load. These calves will be advertised prior to the sale as MCA Preconditioned groups.

Please communicate with us what best fits the needs of your cattle operation. If we can help you, please contact:

John Queen, Lisa Shelton or any MCA Representative.
